**GRIPEN NG**

Lars Erik Sandberg  
Program Director Gripen NG

**Key aspects for partnership**

- Competent and effective partners is a key factor to success in the Gripen NG program
- Gripen industry has the experienced engineers and cost effective organizations that Saab are looking for
- Saabi and Sweden share common values in business culture and mentality
- Akaer is an excellent example of fulfillment of all these aspects

**Successful cooperation business**

**Successful new business in partnership**

- MBD (Model Based Design), i.e. parallel development using the same 3D-CAD files all the way from first design to manufacturing of parts

- Direct web-based access from Akaer to a common database of Saab for M/CAD models

**Successful new business in partnership**

- Merging of knowledge and methods from both companies to gain optimal development processes

- Project co-ordination meetings mostly via internet
